TO WHOM IT MAY CONCERN

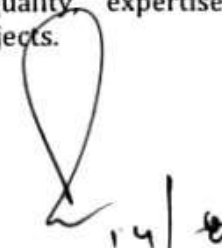

We engaged M/s. Omni-Net Technologies Pvt. Ltd. to develop the Invest UP Website, Nivesh Sarathi Portal, and mobile app, as-well-as to manage the online activities for the Global Investors Summit and Ground Breaking Ceremony of Uttar Pradesh. These initiatives were critical in establishing Uttar Pradesh as a premier investment destination and facilitating seamless communication with potential investors.

Under the leadership of Mr. Titus Varghese (Project Head), the Omni-Net team demonstrated exceptional technical expertise and a deep understanding of our requirements. The Nivesh Sarathi Portal, with its user-friendly design and powerful features, has greatly enhanced our ability to manage investor relations and streamline our operations.

Despite the complexity and scale of these projects, Omni-Net's team displayed remarkable problem-solving abilities, superior craftsmanship, and an unwavering commitment to meeting tight deadlines.

We are thoroughly impressed with the professionalism, dedication, and quality of work delivered by Omni-Net. We endorse their quality, expertise, and professionalism and would recommend them for any future projects.

With best regards,

(Prathamesh Kumar)
Additional Chief Executive Officer
